Course Description

This course provides an overview of some of the major theories guiding our understanding of communication in various contexts (i.e., interpersonal, small group, organizational, intercultural, mass media). Additionally, it fulfills the GE requirement for social science: individuals and groups.

This is a General Education (GE) Social Science course

Students understand the systematic study of human behavior and cognition; the structure of human societies, cultures, and institutions; and the processes by which individuals, groups, and societies interact, communicate, and use human, natural, and economic resources.

Expected Learning Outcomes for Individuals and Groups

1. Students understand the theories and methods of social scientific inquiry as they apply to the study of individuals and groups.
 - Readings & lectures fulfill this outcome. Exams, quizzes, and writing assignments will assess this outcome.
2. Students understand the behavior of individuals, differences and similarities in social and cultural contexts of human existence, and the processes by which groups function.
 - Readings & lectures fulfill this outcome. Exams, quizzes, writing assignments, and concept maps will assess this outcome.
3. Students comprehend and assess individual and group values and their importance in social problem solving and policy making.
 - Readings & lectures fulfill this outcome. Exams, quizzes, and writing assignments will assess this outcome.

Mode of delivery

This course will be presented fully online, asynchronously. Each week, the instructor will post 1-3 pre-recorded lectures in the modules section of Carmen.

Class structure

Course structure

I have divided the course into 3 units. Units 2 & 3 repeat the structure of unit 1.

Unit structure

Within each class unit, you will complete 1 exam, 1 project milestone, 2 rotating activities, and you will have 1 off-week from rotating activities. On most weeks, you will submit a weekly reading quiz.

Weekly structure

Each week, the pre-recorded lectures and assignments open in the Modules section of Carmen on Saturday at 12:01 A.M. Assignments are due at 5:00 P.M. each Friday.

In a typical week, everyone must complete the weekly reading quiz. Depending on your group number, you may also have to complete an activity. For activities, each week, one-third of the class submits an engagement activity, one-third submits a study guide activity, and one-third has no activity due. This rotates each week.

The module section of our Carmen site is person-specific. In other words, it will tell you exactly what you have to submit for any given week. Please reference the syllabus if you are not sure what is due any given week.

Grading Plan

Highest exam grade	15%
2nd highest exam grade	15%
3rd highest exam grade	15%

Grading Policy

I will use the standard OSU grading scale. I will not round grades. If this course is required for you to graduate or to avoid academic probation/expulsion, I expect you to perform at your best to avoid an undesirable outcome. Be proactive. Be professional.

Assignments

Four examinations

The exams are open notes/book. Exams cover lectures and readings. All exam questions are multiple choice type questions. Most exam questions are applied rather than definition/fact-based. As a result, the exams are difficult.

There is one non-cumulative exam for each of the 3 course units. There is 1 cumulative final (technically optional). The unit exams are about 30 questions with a time limit of about 65 minutes. The cumulative final is about 45 questions with a time limit of about 95 minutes.

The time limit makes looking up individual answers difficult. Given this, studying for the exam as you would for a closed book in-person exam is recommended.

You have one attempt to complete each exam. The lateness penalty applies to exams meaning that you can take the exam after the deadline passes but you will suffer a point penalty (see late work policy for details). You may not work in groups on the exams.

I drop your lowest exam grade. This means that the cumulative final exam is technically optional. Please prepare well using the study guide and do not wait until the last minute to start an exam, as technological issues can occur. I tend to release exam grades within 7 days after the exam window closes. If you have questions, please use the discussion board.

Six group-based rotating activities (RAs)

Rotating activities (RAs) are assessments of your comprehension of course material. There are two types of activities: Engagement RAs and Study Guide RAs. The assignment due rotates each week depending on your group number. All RAs are equally-weighted in terms of points. I tend to release RA grades within 10 days after the assignment closes.

In week 2, you will be assigned to a core group (about 20 people). Each core group has an associated number and teaching assistant (TA). Your group membership (and therefore your group number and TA) remain the same throughout the semester. You do not have to rely on others in your group to complete RAs. Groups-based RAs allow you to comment and discuss on each other's submissions and ultimately help you learn how others interpret course content. Although I recommend interacting with one another, it is not required.

I drop your lowest RA assignment grade. You may submit RAs after the due date with a point penalty as explained in the late work policy (see below). If you have questions about RAs, please ask using either the Engagement RA message board or the Study Guide RA message board.

Three Engagement RAs. The engagement activities are meant to help you apply abstract concepts to concrete (i.e., real world) applications. Engagement activities ask you to post to a discussion forum specific to your core group. You will have the same group members throughout the semester. Seeing how others respond to the posts should help you discover new ways to think about the same idea.

The activities will include varied tasks but most will ask you to post a short response to a prompt to the appropriate discussion forum. For most weeks, I will embed an engagement activity prompt in my lecture videos (some prompts will span multiple slides). These prompts will be obvious--containing the words "Engagement Activity" on the slide. You will not be able to view the posts of others until you post your own submission. You will not be able to edit your

submission after posting but you may comment on the posts of others if you'd like. Merely commenting on others' posts does not count as an engagement activity submission.

Three Study Guide RAs. The study guide activities are meant to help you prepare for the exams gradually to discourage cramming. Like the engagement activities, you will complete the study guide activities with your core group using a discussion board. I highly encourage that you participate above and beyond the minimum requirements, as the study guide is the best way to prepare for the exam. The assessment asks that you answer brief prompts in a short-essay format. Each set of prompts correspond to a specific a lecture video and corresponding reading. Specific instructions and grading criteria will appear on the assignment page when released to the class.

Three Concept maps

The concept maps are solo projects that encourage you to explore a single theory deeply. They ask that you represent certain domains of information visually and provide examples of the concept components. Specific instructions and grading criteria will appear on the assignment page when released to the class. Lateness penalties do apply to concept maps. You may submit after the deadline up to the specified cutoff but your grade will be penalized accordingly. I drop your lowest concept map grade so the third concept map is technically optional. If you have questions, please use the [discussion board](#).

Weekly reading quizzes

Reading quizzes are short weekly quizzes that help motivate you to read and keep up with course content. Unlike exam questions, quiz questions are definition/fact based rather than applied. Also, quizzes are much easier than exam questions. Reading quiz grades are released immediately via Carmen.

I drop your 2 lowest reading quiz grades. You have 3 attempts for each quiz. Quizzes are not timed. We record your highest score in the grade book. You may not submit quizzes after the deadline. Once the deadline passes, you forfeit all points for that week's quiz.

Five hours of C-REP

All students in COMM 1100 must participate in the Communication Research Experience Program ("C-REP"). The C-REP program is not directly related to course content. C-REP is designed to give students direct exposure to the topics, goals, methods, and ethical issues of communication research. The program asks you to contribute to ongoing research at OSU by volunteering in an approved research study or by completing an alternative assignment. For a detailed overview in C-REP and its requirements, [watch this crash course video](#) and read the handbook. For general questions, please use the [discussion board](#). Your participation in C-REP counts for 5% of your course grade in this course, meaning that for this class C-REP is not extra credit. Your C-REP grade is calculated by dividing the number of hours your complete by 5. Participation can take the form of:

- Completing 5 hours of C-REP research studies, OR
- Completing 5 C-REP alternative written assignments, OR
- Completing a combined total of FIVE hours of research studies and alternative writing assignments.

Communication Policy

Please avoid the following:

- **Using Canvas messages/mail.** Use Buckeye email instead. Canvas messages cannot be tracked and they erase previous messages in the email chain. As a result, Canvas messages cannot be used as evidence of communication attempts.
- **Emailing outside of business hours/days.** Email messages are answered during business hours (before 5 P.M.) on business days (Monday-Friday).
- **Unprofessional messages.** Please include your course number, a salutation, and your full name along with a courteous message.
- **Emails that require immediate attention.** Messages will be answered within 24 hours of receipt. Be professional and plan ahead.
- **Using non-OSU email addresses for correspondence.** Only messages from OSU accounts can be tracked. Non-OSU accounts are often identified as spam.

What to do if you have a question:

- **First source:** course message boards. It is likely that your question has already been answered on the discussion boards. Please post to the appropriate board to ensure an accurate and swift answer.
- **Second source:** email your TA. Your TA is your lifeline for this course. They know you and your work well. Consider them your resource for questions regarding content, scheduling, accommodations, or anything not addressed in the discussion boards.
- **Third source:** the instructor. If both the message boards and your TA cannot help you, contact me at matthews.345@osu.edu or 614.292.3288

Course-Specific Policies

Deadlines. All deadlines are in Eastern Time (ET).

Late work. You must submit reading quizzes before the deadline or you forfeit all possible points. You may submit exams, rotating assignments, and projects after the deadline, but you will incur a point penalty.

Lateness penalties increase cumulatively. Submitting work 1 second after the deadline yields a -2% point penalty. For each additional hour after the deadline, you lose an additional -2%. This means that you may submit work up to 48 hours after the due date.

Unenrollment. OSU does not recognize unenrollment as a valid excuse for missing work. If you become unenrolled from the course for any reason, it is your responsibility to contact me and establish alternative means to submit work prior to the specified deadline. If you suspect that this policy will affect you, I recommend saving the syllabus to your local computer or printing it out for reference.

Professionalism. You must ensure that the work you submit is correct and accessible. Submitting the wrong link, submitting to the wrong location, submitting files that are corrupt, the wrong version, the wrong format, missing components, the wrong file type, etc. is unprofessional. It is your responsibility to check the integrity of your work immediately following submission. If we cannot access your submission, you forfeit all points for your submission.

If your work is unprofessional, you may re-submit your work via Carmen before the deadline passes without penalty. If technical issues prevent you from re-submitting, you may email your TA your submission before the deadline passes. After the deadline passes, you may re-submit work that you discover is unprofessional, but we will apply the lateness penalty to the final submission.

Technology issues. According to course requirements, you must have regular internet-connected access to a working computer with some form of data redundancy (e.g., Buckeye Box). Remember that OSU's computer labs are available should you need them. Only system-level technological interruptions documented by OSU ([see this page](#)) or McGraw Hill ([see this page](#)) excuse late or missing work.

If you experience a problem with OSU systems (e.g., email, Carmen, etc) not documented by OSU, you must raise a ticket with IT ([see this page](#)). If IT confirms your issue, we will recognize IT's confirmation as a valid excuse for missing work.

Grade appeals. You may send your TA an email to instigate a grade appeal within 1 week after the grade has been posted. An appeal is a formal process with explicit rules. Appeals can result in an unchanged grade, a higher grade, or a lower grade. If you wish to appeal a grade, email your TA that you wish to appeal and then await further instructions.

Course leave. If you become seriously ill or something happens to you that prevents you from participating in the course for an extended amount of time (e.g., mental illness or a friend's mental illness, taking care of an immediate family member, childbirth, etc.), you may apply for course leave. You must let the instructor know of your situation as soon as practical when you become aware of the need for leave to avoid point penalties (either the day you learn of the need or the next workday). Be proactive by letting us know asap if you think you need leave. We will not grant leave retroactively. Course leave is similar to OSU's Family and Medical Leave (FML)

and has many of the same rules ([see here for more information](#)). If you qualify for leave, we will allow you to make up missed work with the following point penalties:

- -0% for work due 6 days prior to notification
- -33% for work due 7-13 days prior to notification
- -66% for work due 14-20 days prior to notification
- -100% for work due > 20 days prior to notification

Credit hour and work expectation

This is a 3-credit-hour course. According to Ohio State policy, students should expect around 3 hours per week of time spent on direct instruction (instructor content and Carmen activities, for example) in addition to 6 hours of homework (reading and assignment preparation, for example) to receive a grade of (C) average. [ASC Honors](#) provides an excellent guide to scheduling and study expectations.

Discussion and communication guidelines

The following are my expectations for how we should communicate as a class. Above all, please remember to be respectful and thoughtful.

Tone and civility: Let's maintain a supportive learning community where everyone feels safe and where people can disagree amicably. Remember that sarcasm doesn't always come across online. The instructor and TA both work very hard to provide a positive learning experience. Please keep this in mind and remain civilized and respectful in your email and discussion board communications.

Citing your sources: When we have academic discussions, please cite your sources to back up what you say. (For the textbook or other course materials, please use APA style. For online sources, be sure to include a link.)

Diversity

The School of Communication at The Ohio State University embraces and maintains an environment that respects diverse traditions, heritages, experiences, and people. Our commitment to diversity moves beyond mere tolerance to recognizing, understanding, and welcoming the contributions of diverse groups and the value group members possess as individuals. In our School, the faculty, students, and staff are dedicated to building a tradition of diversity with principles of equal opportunity, personal respect, and the intellectual interests of those who comprise diverse cultures.

Title IX

Title IX makes it clear that violence and harassment based on sex and gender are Civil Rights offenses subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories (e.g., race). If you or someone you know has been sexually harassed or assaulted, you may find the appropriate resources at <http://titleix.osu.edu> or by contacting the Interim Ohio State Title IX Coordinator, Molly Peirano, at titleix@osu.edu

Mental Health

As a student you may experience a range of issues that can cause barriers to learning, such as strained relationships, increased anxiety, alcohol/drug problems, feeling down, difficulty concentrating and/or lack of motivation. These mental health concerns or stressful events may lead to diminished academic performance or reduce a student's ability to participate in daily activities. The Ohio State University offers services to assist you with addressing these and other concerns you may be experiencing.

If you are or someone you know is suffering from any of the aforementioned conditions, you can learn more about the broad range of confidential mental health services available on campus via the Office of Student Life's Counseling and Consultation Service (CCS) by visiting ccs.osu.edu or calling 614--292--5766. CCS is located on the 4th Floor of the Younkin Success Center and 10th Floor of Lincoln Tower. You can reach an on-call counselor when CCS is closed at 614-292-5766.

If you are thinking of harming yourself or need a safe, non-judgmental place to talk, or if you are worried about someone else and need advice about what to do, 24-hour emergency help is also available through the Suicide Prevention Hotline (Columbus: 614-221-5445)

Academic integrity policy

Policies for this online course

Written assignments: Your written assignments, including discussion posts, should be your own original work. In formal assignments, you should follow **APA** style to cite the ideas and words of your research sources. You are encouraged to ask a trusted person to proofread your assignments before you turn them in--but no one else should revise or rewrite your work.

Reusing past work: In general, you are prohibited in university courses from turning in work from a past class to your current class, even if you modify it. If you want to build on past research or revisit a topic you've explored in previous courses, please discuss the situation with me.

Falsifying research or results: All research you will conduct in this course is intended to be a learning experience; you should never feel tempted to make your results or your library research look more successful than it was.

Academic Misconduct

It is the responsibility of the Committee on Academic Misconduct to investigate or establish procedures for the investigation of all reported cases of student academic misconduct. The term "academic misconduct" includes all forms of student academic misconduct wherever committed; illustrated by, but not limited to, cases of plagiarism and dishonest practices in connection with examinations. Instructors shall report all instances of alleged academic misconduct to the committee (Faculty Rule 3335-5-487). For additional information, see the Code of Student Conduct <http://studentlife.osu.edu/csc/>
