Assignment guide

Online Speech Requirements

One aim of this course is to develop your presentation skills in a wide variety of speaking formats. Each speaking assignment has three important requirements:

1. Speeches need to be recorded and compressed and are due by 10:00 p.m. on the assigned day and week.
2. Record your speech using a cell phone, tablet or laptop held by someone else. More detail about recording is provided in individual assignments.
3. After recording your speech, compress the video by using a free app of your choice found on the app store. I use the simple app named "compress" at the VGA setting. Upload the compressed video to the corresponding dropbox on Carmen by the due date.

SPEECHES (6)

Team Training Presentation

4%

20 pts.

Students are required to give an informative training session in appropriate depth and detail on one or two sections of an assigned chapter of the textbook. This presentation will display students' knowledge of topics such as communication culture at work, interpersonal skills, leading and working in teams and how to lead effective meetings. The speech length is 4-5 minutes and online discussion is required.

Panel Discussion

10%

50 pts.

Students are required to give an informative speech and develop a research paper that summarizes their interpersonal characteristics from *Strengths Finder 2.0* by Thomas Rath. The speech length is three to four minutes and a paper and online discussion is also required. The *StrengthsFinder* assessment allows each student to analyze and present themselves in a speech followed by an online panel discussion with an assigned group. Students apply interpersonal problem solving skills, to learn how to present themselves to others, and communicate with others by identifying qualities and abilities they can take into the workplace.

Informative Speech

16%

80 pts.

Students give an informative speech to a live audience on how communication is most effectively used in the workplace in appropriate depth and detail depending on the professional interest of the student. This assignment allows students to cultivate their interviewing skills and to synthesize and communicate findings to an audience. The speech length is five to six minutes. **VoiceVibes practice is required.** A full sentence outline, online discussion and giving feedback to other student is required. Peer feedback will be provided by students in an online format, with peers commenting on the degree to which the presentation was informative.

Persuasive Proposal Presentation (using Power Point)

20%

100 pts.

Students give a persuasive proposal presentation to a live audience in appropriate depth and detail on a business or professional topic. Power point slides are required. Peer feedback will be provided by students in an online format, during which students will comment on the degree to which the presentation was persuasive. An outline is required. **VoiceVibes practice is required.** The speech length is six to seven minutes and an online discussion is required.

Manuscript Speech (group)

10%

50 pts.

For this assignment groups give either a speech of introduction, tribute, nomination or goodwill on an appropriate topic for a business and professional situation. The speech will be given in manuscript style, a format that focuses on the role of language and the creative use of language in a public presentation. One 5-6 page paper, a bibliography and a speech will be required for each group. Speech length is five minutes and an online discussion is required.

Entertainment Speech **5%** **25 pts.**

In this last presentation students give an entertainment or “roast” speech to a student within their group in a light-hearted, good-natured exaggerated but fact-based manner about a classmate. This speech requires merging students’ knowledge of their presentation skills with building and sustaining positive relationships with their professional colleagues. The outcome is to understand and exhibit social skills that are necessary in the workplace. The required speech length is one minute.

INTERVIEWS (2)

Employment Pitch, Resume, and Cover Letter **5%** **25 pts.**

Students present an employment pitch, write a cover letter and resume for an entry level position for an assigned job description. This requires excellence in oral communication in a video on why YOU are the best candidate for this position. Students learn written and communication skills, the ability to present themselves virtually and how to conduct an introductory interview.

Professional Interpersonal Performance Appraisal Interview **10%** **50 pts.**

Students describe in a written analysis and virtual meeting with an assigned appraisee the important elements of his/her past performance throughout the term (both strengths and weaknesses), with detailed examples from a wide range of identified speaking assignments. This interview is similar to a real-work performance/employee appraisal format. The required length for each appraisal is four to five minutes.

EXAMS

Proctorio is the online exam proctoring/monitoring tool integrated into Carmen. Use of Proctorio is required for both exams. Proctorio offers you flexibility to take your exams at the time and in the location of your choosing. Students are required to have a webcam (USB or internal) with a microphone and a strong stable internet connection. During the course of an exam, Proctorio will record the testing environment, therefore students should select private spaces for the exam session where disruptions are unlikely and where recording devices can be enabled. Instructions for Proctorio use will be provided. To use Proctorio you **must be over 18 years of age. Additionally, the tool has limitations in its accessibility for students reliant upon screen readers and keyboard navigation. If you have concerns about using an online proctoring tool for the reasons listed above or in general, please work with your instructor to find an equivalent alternative. Additional information on academic integrity at Ohio state and recommended proctoring options are available.**

Proctorio offers free 24/7 student support through web chat or email.

Three exams will focus on assigned readings and lecture. Exams are on Carmen and are not open book or open note. There will be 25 questions. You will have approximately one minute per exam question. Exam questions are multiple choice. Exam questions will be randomized by

topic and pulled from a text bank of hundreds of questions. See the schedule for your exam time frame. If you do not take the exam, you will receive 0 points for the exam. The exam may only be made up when approved by the instructor for one of the following reasons: (a) the absence is a university excused activity, necessary documentation is provided, and arrangements for make-up are made in advance; or (b) the absence is due to a medical or family emergency, necessary documentation is provided, and arrangements for make up are made within 24 hours of the missed exam. If the requirements for (a) or (b) are not fully met, you will receive 0 points for the exam.

The comprehensive exams will be online on Carmen.

Exams (3) **15%** **75 pts.**

Exams are multiple choice from the readings.

ONLINE DISCUSSIONS (5) **5%** **25 pts.**

There will be five online discussions including: Interviewing, Panel Speech Discussion, Team Training Presentation, Informative Speech Peer Feedback, Proposal Presentation Personal Reflection, and Manuscript Speech Feedback. These discussions will give you an opportunity to converse with your classmates about each other's presentations, topic choice and observations about other students' language and delivery skills. They are listed on the schedule as discussions. Assigned questions to prompt thoughtful feedback will be provided.

Discussions will include three written requirements:

First, an initial post of 100-200 words will be due by 10:00 p.m. on the **Wednesday** of the week a discussion is due. Second, two posts of 100-200 words responding to the initial posts of two other students will be due by 10:00 p.m. on the **Friday** of the week that discussion is due.

Successful discussion posts will demonstrate:

1. An understanding of the concept(s) in the material provided.
2. Independent thought regarding the concepts and material.
3. A thoughtful response to the work of at least 2 other students in the class.

Late assignments

The Informative Speech and Policy speech must be given before a live audience and quizzes taken on the day scheduled. Late unexcused speech performances will be penalized two letter grades. If the student is allowed to make up a performance and does not submit it at appropriate time, a grade of zero will be recorded. A valid medical or documented excuse is required or there is a two-letter grade penalty.

I am providing the following list to give you an idea of my intended availability throughout the course. Remember that you can call **614-688-HELP** at any time if you have a technical problem.

Grading and feedback

For speeches, you can generally expect feedback within **7 days**.

E-mail

I will reply to e-mails within **24 hours on school days**.

Discussion board

I will check and reply to messages in the discussion boards every **24 hours on school days**.

Attendance, participation, and discussions

Student participation requirements

Because this is a distance-education course, your attendance is based on your online activity and participation. The following is a summary of everyone's expected participation:

- **Logging in:**
Be sure you are logging in to the course in Carmen each week, including weeks with holidays or weeks with minimal online course activity. I suggest logging in at least three times per week to make sure you are keeping up with announcements and course content. (During most weeks you will probably log in many times.) If you have a situation that might cause you to miss an entire week of class, discuss it with me *as soon as possible*. Video and audio lectures will be posted on Monday.
- **Participating in discussion forums:**
As participation, you can expect to post at least once each assigned Wednesday and

respond at least once each assigned Friday as part of our substantive class discussions. This requires that you check in twice per week. Additional participation will give you a richer experience within the course.

Credit hour and work expectation

This is a 3-credit-hour course. According to Ohio State policy, students should expect around 3 hours per week of time spent on direct instruction (instructor content and Carmen activities, for example) in addition to 6 hours of homework (reading and assignment preparation, for example) to receive a grade of (C) average. [ASC Honors](#) provides an excellent guide to scheduling and study expectations.

Encouraging an optimal learning experience

Previous distance learning courses have provided insights from students on how to improve the learning experience and optimize outcomes. Here are a few tips from previous students to encourage your success in this online course:

- Students kept up with the Schedule and assignment due dates.
- Students made sure they had access to a reliable internet connection.
- Students had access to at least one reliable device and a backup plan in case of a technological issue.
- Students have made plans to back up work. OSU provides free access to data storage through [BuckeyeBox](#) and [Microsoft One Drive](#).

- Students reported that completing assigned readings before viewing lectures (or attending synchronous lectures) helped them to be prepared to follow along with lectures and participate in discussions.
- Students scheduled time to complete activities at a steady pace during the week. Keeping a schedule prevented a last minute rush and kept the workload manageable.
- Students approached the material by thinking about the connections between readings, lectures, and assignments.
- Students followed the instructor's preference for camera and microphone settings during online synchronous meetings.

Discussion and communication guidelines

The following are my expectations for how we should communicate as a class. Above all, please remember to be respectful and thoughtful.

- **Writing style:** Write using correct grammar, spelling, and punctuation. Informality (including an occasional emoticon) is fine for non-academic topics.
- **Tone and civility:** Maintain a supportive learning community where everyone feels safe and where people can disagree amicably. Remember that sarcasm doesn't always come across online. The instructor works very hard to provide a positive learning experience. Please keep this in mind and remain civilized and respectful in your email and discussion board communication.
- **Citing your sources:** When we have academic discussions, please cite your sources to back up what you say. (For the textbook or other course materials, list at least the title and page numbers. For online sources, include a link.) *Written and oral assignments:* Your written and oral assignments, including discussion posts and speeches, should be your own original work. In formal assignments, you should follow **APA** style to cite the ideas and words of your research sources. Any time you use the words of others, this must be indicated as a direct quotation with a citation to the source and page number(s), using APA style to clearly indicate the words in the direct quote. To use the words of others while providing a citation, but without indicating that there is a direct quote from the cited work, still is plagiarism. Simply changing a few words from a source does not make the words your own, and such use can also be considered plagiarism. Examples will be provided. You are encouraged to ask a trusted person to proofread your assignments before you turn them in--but no one else should revise or rewrite your work.
- *Reusing past work:* In general, you are prohibited in university courses from turning in work from a past class to your current class, even if you modify it. If you want to build on past research or revisit a topic you've explored in previous courses, please discuss the situation with me.

- **Backing up your work:** Consider composing your academic posts in a word processor, where you can save your work, and then copying into the Carmen discussion.
